

## Diagnosis Specific: Acute Care

---

*This is a non-exhaustive list of various qualitative studies and topics that can be utilized in the acute care content of a Doctor of Physical Therapy Program. If you would like to submit for possible inclusion additional qualitative or mixed-methods literature on this topic, please submit your suggestion to the Qualitative and Mixed-Methods Toolkit team.*

Stutzbach, Julie, et al. "Systems approach is needed for in-hospital mobility: a qualitative metasynthesis of patient and clinician perspectives." *Archives of physical medicine and rehabilitation* 102.5 (2021): 984-998.  
doi:10.1016/j.apmr.2020.09.370.

Berggren, Karin, et al. "Healthcare workers' experiences of patient safety in the intensive care unit during the COVID-19 pandemic: A multicentre qualitative study." *Journal of Clinical Nursing* (2023).  
doi: 10.1111/jocn.16793

de Zwart, Lieven, et al. "What is complexity of hospital-based physiotherapy from the perspective of physiotherapists themselves? A grounded theory study." *BMJ open* 13.4 (2023): e069368.  
doi:10.1136/bmjopen-2022-069368
